License for Directly Routed (CIDR delegated) Subnet

Jerry DeLong, kd4yal as described below, you are hereby licensed the address block [44.98.248.0/23](https://www.iana.org/assignments/iana-ipv4-special-registry/iana-ipv4-special-registry.xhtml#iana-ipv4-special-registry-44.98.248.0/23) effective Oct 14, 2019, and is good for 5 years from the previous expiration date(April 5, 2016), so it now expires on April 5th, 2026., renewable at our discretion, as subject to our Terms of Service.

You are authorized to arrange with your Network Service Provider to provide BGP connectivity of this subnet to the Internet at large. You are reminded that ARDC does not provide any communications connectivity and that responsibility for such and any traffic over it are yours alone.

Best wishes and 73.

Brian Kantor, President
Amateur Radio Digital Communications Inc.
